

2024 FVF PHYSICAL REQUIREMENT & CONCUSSION INFORMATION FORMS

You have been given two separate items that will both need to be completed before you child will be allowed to participate in the upcoming 2024 FVF Season.

Both of these forms will be due at your equipment issue night. This will take place in Mid-August. A final date and time will be provided to you by your selected coach no later than August 10th. Your child will not be issued their gear or be allowed to practice until these forms have been turned in. NO EXCEPTIONS!!!!!!!

Physical Requirement Information:

Each player will be required to have a complete sports physical administered by a licensed Physician. Not just a well child exam. You may use your family physician or any health care provider approved by the state of Montana. An appropriate form will need to be filled out. One has been provided to you today. You can also visit the FVF website for a league approved form if your physician does not have a sports physical form. Physicals must be current – conducted after April 20, 2024

<u>Please make a copy or scan of this physical.</u> <u>FVF will not provide copies, nor will we return the form you provide to us.</u>

Concussion Acknowledgement Form:

Each player will be required to read and complete the FVF Participant and Parent/Legal Guardian Concussion Acknowledgement form. This form, provided to you today, is our step to providing both players and parents education on concussions. This form is required to be read and completed by both the player and parent or legal guardian.

Additional information on the FVF Concussion Policy and additional copies of this form can be found on our website.

Please make a copy or scan of this form once it has been signed by both player and parent. FVF will not provide copies no will we return the form you provide to us.

FVF CONFIDENTIAL ATHLETIC PRE-PARTICIPATION PHYSICAL EXAMINATION

A physical examination is required for each player in order to be considered eligible for participation in a Flathead Valley Little Guy Football activity. Physical examinations must be completed prior to equipment handout. This examination must be certified by a licensed medical professional acting within the scope and limitations of his/her practice. This certification is valid for a period of one FVF season. A <u>physical examination conducted before April 20, 2024 is not valid for participation for current FVF season the following school year.</u> All information is to remain_confidential.

HISTORY - To be completed by the student and parent(s).

ALL INFORMATION IS TO REMAIN CONFIDENTIAL

FVF Participant and Parent/Legal Guardian Concussion Acknowledgment

Flathead Valley Little Guy Football (FVF) and its participants understand that, because of the nature of full contact football, there is a risk that players may experience concussion/head injury. Flathead Valley Little Guy Football and its participants desire to recognize players who have experienced concussion/head injury and remove them from play until they are cleared by an authorized medical provider and their parent/legal guardian pursuant to FVF's Concussion Guidelines/Policy. In that regard, FVF has undertaken steps to further educate parents, participants, coaches, and others regarding concussions, removal from play due to concussion/head injury, and requirements of return to play.

By signing below we affirm we have read the information contained in and attached to this form and have read the FVF Concussion Guidelines/Policy and information at www.flatheadvalleyfootball.com

| This form must be completed for each student-athlete, even if there are multiple | ole student-athletes in each household. | |

IMPORTANT - Remove and retain the Fact Information on this page. You must Return page one of this form <u>completed and signed</u> to FVF on equipment issue night along with your completed physical form or you will not receive Gear !!!!

Fact Sheet for ATHLETES

WHAT IS A CONCUSSION?

A concussion is a brain injury that:

- Is caused by a bump or blow to the head
- Can change the way your brain normally works
- Can occur during practices or games in any sport
- Can happen even if you haven't been knocked
 out
- Can be serious even if you've just been "dinged"

WHAT ARE THE SYMPTOMS OF A CONCUSSION?

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

WHAT SHOULD I DO IF I THINK I HAVE A CONCUSSION?

- Tell your coaches and your parents. Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.
- Get a medical checkup. A doctor or health care professional can tell you if you have a concussion and when you are OK to return to play.
- Give yourself time to get better. If you have had a concussion, your brain needs time to heal.
 While your brain is still healing, you are much

more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

HOW CAN I PREVENT A CONCUSSION?

Every sport is different, but there are steps you can take to protect yourself.

- Follow your coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.
- Use the proper sports equipment, including personal protective equipment (such as helmets, padding, shin guards, and eye and mouth guards). In order for equipment to protect you, it must be:
 - The right equipment for the game, position, or activity
 - > Worn correctly and fit well
 - > Used every time you play

IF YOU EXPERIENCE SYMPTOMS OF A CONCUSSION, YOU MAY NOT RETURN TO PLAY UNTIL CLEARED IN A MANNER CONSISTENT WITH THE FVF CONCUSSION POLICY/GUIDLINE

Remember, when in doubt, sit them out! It's better to miss one game than the whole season.

A Fact Sheet for PARENTS

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

You can't see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

- · Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- · Can't recall events prior to hit or fall
- Can't recall events after hit or fall

Symptoms Reported by Athlete

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy

- Concentration or memory problems
- Confusion
- Does not "feel right"

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

Every sport is different, but there are steps your children can take to protect themselves from concussion.

- Ensure that they follow their coach's rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity (such as helmets, padding, shin guards, and eye and mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

- **1. Seek medical attention right away.** A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.
- 2. Keep your child out of play. Concussions take time to heal. Don't let your child return to play until a health care professional says it's OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.
- 3. Tell your child's coach about any recent concussion. Coaches should know if your child had a recent concussion in ANY sport. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell the coach
- **4. Do not return them to play** until they are cleared subject to your organizations rules.

Important Dates:

- Player and parent must be present to be issued equipment.
- Your Physical form must be turned in at this time. You will not be issued equipment or allowed to participate in practices or games until the league accepts this form
- Coach will contact you in August with scheduled time for equipment issue
- If you miss handouts, you can't practice the 1st week.
- Please remember fundraiser money is due in order to get name on jersey before first game.

Practice & Game Schedule:

| August 19 – August 23 | First Week of Practice – Coach will make arrangements |
|-----------------------|---|
| | (first allowable practice is Saturday August 17 th) |
| August 26 – August 29 | Second Week of Practice (No practice Labor Day weekend) |
| Sept. 3 – Sept. 6 | Third Week of Practice – (No Practice on Labor Day) |
| September 7 | First Game |
| September 14 | Second Week Games |
| September 21 | Third Week Games |
| September 28 | Fourth Week Games |
| October 5 | Fifth Week Games |
| October 12 | Final Game & Equipment Return |
| | |
| April 2025 | 2025 Season Sign-ups |

Please do not miss any of the scheduled dates and times. There are many other sports and activities that are going on during our season. Please remember that your player must attend & participate in all practices to ensure they learn the fundamentals and gets his/her maximum playing time.

The success and enjoyment of this season depends on how we work together!
